

# You're invited!

## Malvern Transit-Oriented Development Plan Public Workshop

Transit-Oriented Development, or TOD, is a way of developing near transit stations that benefits both the community and the transit service.

The Borough of Malvern is planning for the future of the area within ½ mile of the Malvern train station.

To hear about potential alternatives,  
plan to attend our next public workshop!

Tuesday, July 23, 2013  
4:00 to 7:00 pm  
Borough Hall  
1 East First Avenue in Malvern

Stop in any time between 4:00 pm and 7:00 pm to view project materials and provide input. A brief presentation will be made at 4:15 and repeated at 5:15 and 6:15.

This is the second of three workshops that are scheduled for the study.

Sponsored by Malvern Borough with support from  
the Delaware Valley Regional Planning Commission

For more information visit [www.malvern.org](http://www.malvern.org) or call Sandra Kelley, Borough Manager, at 644-2602.
