

Birchrunville to Change Forever!

For over a century, the entrance to the historic district of Birchrunville has been graced by a simple white schoolhouse, a viewshed cherished by citizens, artists and historians alike...

The Schoolhouse Today

Now, a development plan proposes to insert 3 additional buildings plus parking for almost 50 cars, effectively creating a commercial strip mall in front of the historic schoolhouse building.

Proposed Development Concept for the Birchrunville Schoolhouse Property

*If implemented, this plan will change the viewshed forever and cause additional traffic, noise, light pollution, and storm water runoff in the village. Our township ordinances certainly permit development, but include provisions to protect our environment and historic resources like the schoolhouse. **The West Vincent Supervisors are being asked to relax these protections so this project can proceed.***
